

# Size dialog box

**Important:** Some of the options described in this topic may not be relevant to Workshop in this version of the Prinergy software.

## Add

In the center pane, click to add a new size. For example, 8.5x11.

## Delete

In the center pane, click to delete the selected size.

## Sort by list

Click the arrow on the right side of the center pane to display the list of sorting categories. Select the category by which to sort the list.

## Size Name

Type a name for this size. Recommended names are combinations of width and height—for example, 12mmWx6mmH.

## Compatible with

Select the entities that this size can be used with. Options include **Substrate**, **Media**, and **Page**.

## Size Width

Type the size width.

## Size Height

Type the size height.
