

Fixed bugs in Prinerger Workflow 8.1

This section lists bugs that are resolved in this release. Prinerger Workflow 8.1.0 contains the same fixed bugs as Prinerger Workflow 8.0.2. If you are already running Prinerger Workflow 8.0.2 and have not purchased option 015-01280A-145 - Digital JDF Bi-directional Communication, it is recommended that you wait for Prinerger Workflow 8.1.1 for the next upgrade from Prinerger 8.0.2. Prinerger Workflow 8.1.1 will be the next version delivering new bug fixes.
