* **Mozilla Firefox:** Due to the strategy of extremely frequent major releases that Mozilla has adopted for Firefox since version 4.x, Kodak is no longer able to test and qualify new versions of Firefox ahead of their official release. Kodak will continue to provide support for these versions of Firefox on a best-effort basis as issues are identified.

Important: For more information about operating system and browser for the InSite clients, go to the Tips for configuring your operating system and browser for Kodak InSite clients answer on My Kodak Services at <https://services.kodak.com/>.

Important: Parental controls must be disabled on Mac computers.
