

Example: add extra horizontal space

Values selected in the **Add Extra Horizontal Space** box in the **Layout** section of the Loose Page Output process template yield the following results:

Setting	Result
Right margin only	 A diagram showing a 2x4 grid of PDF icons. Each icon consists of a blue square with a white smiley face and the text 'PDF' below it. The icons are arranged in two rows and four columns. There is a significant amount of extra horizontal space on the right side of the grid, representing the 'Right margin only' setting.
Evenly to both margins	 A diagram showing a 2x4 grid of PDF icons. Each icon consists of a blue square with a white smiley face and the text 'PDF' below it. The icons are arranged in two rows and four columns. There is extra horizontal space on both the left and right sides of the grid, representing the 'Evenly to both margins' setting.
Evenly to all gutters and margins	 A diagram showing a 2x4 grid of PDF icons. Each icon consists of a blue square with a white smiley face and the text 'PDF' below it. The icons are arranged in two rows and four columns. There is extra horizontal space on all four sides (top, bottom, left, and right) and between the columns of icons, representing the 'Evenly to all gutters and margins' setting.
