

Activity 38: Set opacities for trapping

Overview

Why you should complete this activity

The PDF Trap Editor is a Kodak plug-in for Adobe Acrobat software. Prinerger PDF Trap Editor lets you trap whole pages or selected objects, edit existing traps, set trap geometry, create keepaway traps, and add traps to a refined page in Adobe Acrobat.

This activity focuses on setting ink opacities prior to trapping.

This activity is important because it illustrates how to:

- Use the PDF Trap Editor
- Set opacities prior to trapping

What you'll need

For this activity you need to locate:

- Prinerger Activity Practice Files /Act_38_Set Trap Opacities

The instructor or coach will provide you with the location of the practice files.

Note: If you are completing this activity on your own or coaching others in your shop, copy the Prinerger Activity Practice Files folder (available on the Kodak Partner Place internet portal at <https://partnerplace.kodak.com/>) directly to your workstation. For further information about these procedures, see Activity 1.

Note: The aim of activities 36 to 42 is to introduce and demonstrate the licensed Kodak PDF Trap Editor feature. Each activity is based on a particular scenario, and will provide the customer with an initial introduction to various options available as part of the PDF Trap Editor.

If you skipped Activity 1, consult the Activity 1 *Instructor's Notes* for information about best practices for managing activity practice files during a training session. Activity 1 also contains important information related to the Prinerger client and server relationship, which could be helpful to the customer.
