

Matchprint Virtual 9.2 new features and improvements

Support for integration with InSite Prepress Portal 9.2 and InSite Creative Workflow 9.2

Matchprint Virtual 9.2 will work with InSite Prepress Portal 9.2 and InSite Creative Workflow 9.2.

Support for i1Basic Pro 3

Matchprint Virtual 9.2 will work with X-Rite i1Pro Basic Pro3 measurement device.

Support for newer monitor models

Matchprint Virtual 9.2 supports newer version of NEC SDK (Software Development Kit) and EIZO SDK. It allows Matchprint Virtual to support newer models of monitors from those vendors.
