

# Konica Minolta

For Konica Minolta qualified with JDF Bi-Directional connectivity please see [Prinerger Digital using JDF/JMF with Device Track and Setup](#).

Set up a JMF connection between Prinerger Workflow and the Konica Minolta bizhub digital press.

- [Connect Prinerger to Konica Minolta](#)
- [RBA—Add Web-to-Print sample rules \(Konica Minolta\)](#)
- [Test the setup for Konica Minolta](#)

If your Prinerger server is on a network that uses a proxy server, you must bypass the proxy server in order to connect devices to Prinerger.

To do so, go to **Control Panel > Internet Options > Connections > LAN Settings**, and select the the **Bypass proxy server for local addresses** check box.

**Note:** You can also access this check box from the **Tools** menu in your Internet Explorer browser (**Tools > Internet Options > Connections > LAN Settings**).
