

Showing Prinergy Workflow settings

You can enable the **Show in Prinergy** column in the **Color Setups** and **Print Curves** tabs if it does not appear.

1. Perform one of the following actions:
 - For Mac OS X, select **ColorFlow > Preferences**
 - For Windows, select **File > Preferences**
2. On the **User Interface** tab, select the **Show Prinergy Workflow settings** check box.
