

## Objective 6—Add marks and information to substrate and artwork

1. From the **Window** menu, select **Show Marks Palette**.
2. Open the SmartMarks folder. Drag the following marks to the layout:
  - CB\_6-color\_2-tier.pdf
  - CTR\_Center\_Cross.pdf
3. Open the Labels folder. Drag and position the following marks at the upper-left corner of the die. Use the **Zoom** and **Selection** tool to place the marks accurately.
  - LBL\_Color.pdf
  - LBL\_Date.pdf
  - LBL\_Press.pdf
