

Ports required

Port Number	Type	Description
6503	TCP	CSP (Creo Service Port)
30201	TCP	KPS XMLRPC COBRA bridge port
30202	TCP	Remote proofing: Central Site Daemon port
30203	TCP	ReportEngine Command Line Query Handler Port
30204	TCP	Downloader (downloads bugZipReport)
30205	TCP	Installer (Upload installer, download install feedback)
30206	TCP	Simple HTTP server that serves up HTML documentation
30207	TCP	AdminServer protocol socket.
30208	TCP	Proofer #1 DFE protocol socket.
30209	TCP	Proofer #1 Client protocol socket.
30210	TCP	ReportEngine Command Line Query Handler Port
30210	TCP	Proofer #2 DFE protocol socket.
30211	TCP	Proofer #2 Client protocol socket.
30213	UDP	Discovery protocol. Uses IP multicast group 235.100.100.100
30213	UDP	Unicast discovery protocol
30212	TCP	Proofer #3 DFE protocol socket.
30213	TCP	Proofer #3 Client protocol socket.
30214	TCP	Proofer #4 DFE protocol socket.
30215	TCP	Proofer #4 Client protocol socket.
30216	TCP	Proofer #5 DFE protocol socket.
30217	TCP	Proofer #5 Client protocol socket.
30224	TCP	Proofer #6 DFE protocol socket.
20225	TCP	Proofer #6 Client protocol socket.
30226	TCP	Proofer #7 DFE protocol socket.

30227	TCP	Proofer #7 Client protocol socket.
29001	TCP	Evo's XMLRPC socket
49152 to 65535	TCP	Dynamic Range

Note any UDP ports open for Uni-cast must be opened for exclusive. Any UDP ports open for Multi-cast must be opened with sharing.
