

# Matchprint Virtual 9.2 new features and improvements

## **Support for integration with InSite Prepress Portal 9.2 and InSite Creative Workflow 9.2**

Matchprint Virtual 9.2 will work with InSite Prepress Portal 9.2 and InSite Creative Workflow 9.2.

## **Support for i1Basic Pro 3**

Matchprint Virtual 9.2 will work with X-Rite i1Pro Basic Pro3 measurement device.

## **Support for newer monitor models**

Matchprint Virtual 9.2 supports newer version of NEC SDK (Software Development Kit) and EIZO SDK. It allows Matchprint Virtual to support newer models of monitors from those vendors.
