

File Archive and Analytics

The Prinerger Cloud File Archive and Backup service is an intelligent, automated file storage solution for users of Prinerger Workflow.

Prinerger Cloud: File Archive and Analytics Service – Authorized Features:

- File Storage (amount) based on the tier level indicated on the sales contract
- 1 Prinerger Cloud - Decision Analytics dashboard
 - To view storage account activity
 - To view Prinerger Workflow system usage activity

Prinerger Cloud: File Archive and Analytics Service – Deliverables:

Kodak will remotely activate Your account and install the following software components on Your **Prinerger** Workflow system to enable the service:

- Prinerger Cloud agent software
- Prinerger Cloud activation files
- Prinerger Workflow system – RBA Read Only license and rule set

Prinerger Cloud: File Archive and Analytics Service – Users and Access by Users:

Your use of the service is limited to persons authorized by You. This consists of two main groupings of persons: Prinerger Workflow operators and Decision Analytics dashboard users.

The Prinerger Workflow operator group consists of Your personnel who have authorization to log into and use the Prinerger Workshop software application.

The Decision Analytics dashboard user group consist of named users, that You have granted access to view and download production information from a Decision Analytics dashboard.

Prinerger Cloud: File Archive and Analytics Service - Usage Limits:

Subscription, Archiving - Tier 5	Up to 300GB	2 TB to Unlimited	50/50 Mbs	100/100 Mbs	1

Prinerger Cloud: File Archive and Analytics Service – Service Cancellation:

Cancelling a service subscription is transacted via a signed sales order, that will authorize Kodak to delete all remaining data that is stored within Your account, 30 days after the order is booked.

You will also receive 1 final invoice for the 30-day data retention period. Upon cancelling Your service subscription, you will be given the option to:

- Terminate the service by the cancelation date and forfeit access to the service immediately. All files and data associated with your account will be disposed by Kodak immediately and not available any more
- Purchase additional time to retrieve Your files in 30 day allotments up to a maximum of 90 days

Both options result in all data including meta-data collected during Your subscription period to be deleted at the time the subscription cancellation becomes effective.

Prinerger Cloud: File Archive and Analytics Service – Free Trial:

There is no Free Trial available for the Prinerger Cloud: File Archive and Backup service.

Prinerger Cloud: File Archive and AnalyticsService – Acceptance of Deliverables:

At the completion of the service activation steps, the invoice period for the subscribed services per the terms of the sales contract will begin.

Prinerger Cloud: File Archive and Analytics Service – Beta Service:

Kodak may designate certain enhancements or new features of the services as "Beta Services". Beta Services are not intended for use in a production environment. You acknowledge and agree that the Beta Services are subject to these Terms:

- Are experimental in nature, have not been fully tested and may be discontinued at any time without notice.
- May not meet Your requirements or perform as intended
- May not be uninterrupted, error-free or free of faults
- Are for the sole purpose of evaluating and testing the Beta Services and providing feedback to Kodak
- You are responsible to inform Your employees and other users regarding the nature of the Beta Services
- Should not be used to make a buy decision

Prinergy Cloud: File Archive and Analytics Service – Subscription Service:

If You purchase a software-as-a-service subscription from Kodak, You consent to the following Terms:

- Kodak and its third-party storage providers are authorized to access, copy and store Your User data.
 - Including all meta-data collected from Your Prinergy Workflow system and other Kodak software applications or devices
- Kodak is authorized to use meta-data that has been collected from Your Prinergy Workflow system and/or other Kodak software applications to improve the quality and functionality of Kodak's current and future offerings.
- Purchase additional storage space from Kodak, if You exceed the subscribed tier as defined on the sales order, for 2 consecutive months.

Prinergy Cloud: File Archive and Analytics Service – Software Licenses:

If You purchase software license(s) from Kodak, You understand and agree that such software licenses shall be subject to the product End User License Agreement (EULA).
