Language	Document version
English	<u>March, 2020</u>

Service Description and Specifications:

Business Central: PrintVis will be deployed and managed by Eastman Kodak in a hosting facility that is operated by Microsoft.

The service environment consists of:

- An instance of the PrintVis License Type equivalent to the type of subscribed users.
- A user gains access to the service environment through either the operation of a standard Web Browser or Mobile Version.
- You are solely responsible for ensuring that data stored is in compliance with all applicable laws or regulations.
- You are responsible for all damages and liabilities that result from data loss during transmission, storage, or retrieval
