

Kodak Prinergy VPS+ 9.5

Welcome to Kodak Prinergy VPS+ software

Due to many functional and performance improvements in **VPS+ 10.0**, Kodak recommends that you download and install VPS 10.0 from **PartnerPlace answer 75820**.

See [VPS+ 10.0 Release Notes](#).

VPS 10.0 is fully compatible with VPS files created in any version of Prinergy.
