Starting and stopping Prinergy Evo client software

Starting the Prinergy Evo Client on a Windows computer

1. On your Prinergy Evo Client desktop, from the **Start** menu, select **Programs** > **Prinergy Evo *version #*** > **Prinergy Evo Client**. The Prinergy Evo Client software starts and can now communicate with the Prinergy Evo Server software.
2. In the Connect to a Prinergy Evo Server dialog box, use the **browse** buttons to select the Prinergy Evo server computer to which you want to connect. Alternatively, if you cannot find the Prinergy Evo server computer:
   a. Click **Other**.
   b. In the Prinergy Evo Server Address dialog box, type the Prinergy Evo server computer's TCP/IP address or network server name.

Stopping the Prinergy Evo Client on a Windows computer

From the Prinergy Evo Client **File** menu, select **Exit**.
