Installing fonts using the AppleTalk Font Downloader

Use the AppleTalk Font Downloader to install fonts.

1. From the Prinergy Evo server computer, select **Start** > **Programs** > **Prinergy Evo** > **AppleTalk Font Downloader**.
   The AppleTalk Font Downloader dialog box appears and creates an AppleTalk printer <*Prinergy Evo Server name*>_RIP.
2. From the **File** menu, select **Open** to browse to the shared folder where you saved your font files.
   The AppleTalk Font Downloader installs the fonts on the Prinergy Evo server computer.
