Attaching sticky notes

You can attach sticky notes to a color setup in the color setup viewer.

1. Do one of the following:
   - For Mac OS X, press Ctrl-click anywhere in the color setup viewer.
   - For Windows, right-click anywhere in the color setup viewer.
2. Do the following:
   - To add a new sticky note, click **New Sticky Note** and then enter your note.
   - To hide sticky notes, click **Hide Sticky Notes**. When you hide sticky notes, the notes are hidden in all color setups.
   - When sticky notes are hidden, you can display them by clicking **Show Sticky Notes**. The notes are displayed in all color setups.
3. You can hide, move, resize, and delete a sticky note:
   - To delete the sticky note, click the close icon ⊠
   - To change the location of a sticky note, drag its title bar
   - To resize a sticky note, drag any edge or corner of the note
   - To minimize or maximize a sticky note, click the minimize button ⊟ or the maximize button ⊡ in the title bar
