

# Selecting the default Color Input for Prinergy

If you have created multiple color input versions, you can select one to be the default color Refine in Prinergy.

1. In the color setup viewer, click the **Conversion** icon  between the CI and the PCO.
2. In the **Conversion Edit** dialog box, click the **Edit** icon  next to the **Input Version** drop-down list.
3. Select the radio button for the desired version.
4. Click **Close**.
