

Job Activity Dashboard: PDF Approval

In this discussion we explore the Job Activity dashboard with respect to PDF Approval allows you to monitor and track file approval activity within your Prinergy Workflow, on a per job and or per file basis.

The Page Summary report displays the last action performed by a user in Insite Prepress Portal. The Page Action report displays the number of system actions performed on each file within a job and the elapsed time to date.

Did you know?

- Your data is only as good as your Users!
- For the data to be effective, all your Users should take the time to effectively use the PRINERGY job statuses!
