

# Export the layout as a PDF from Pandora

In the Pandora software, follow these steps:

1. To trigger the Die Outline feature in Pandora, add an artwork containing a Dieline separation. Pandora has sample files located in the **Pandora Applications > Demo File** folder for this purpose.

2. From your Pandora layout, from the **File** menu, select **Print**.
3. In the Print Job dialog box, from the **Destination** list, select **PDF File**.
4. Select the **Die Outline** check box.
5. Click **Print**.

- Specify a file name and location in which to save the Pandora layout as a PDF file and click **Save**.
