

Saving layouts

1. Select **File > Save**.

If the job has a name, the job file is saved in the Transient Layouts folder of the Prinergy Workflow job with the updated information.

2. In the **Save As** dialog box, browse to the location where you want to save the job.
3. Type a name for the job in the **Name** box (Macintosh) or the **File name** box (Windows).
4. Click **Save**.
