

Toolbar color cues

You can select a die in the layout only with the **Selection** tool. When the **Selection** tool is active, the die appears in magenta and the rulers appear in black.

Other colors are used as indicators when other tools are active.

Icon	When this tool is active	The die is this color	The rulers are this color	And the die is
	Selection	Magenta*	Black	Available
	Bleed	Gray*	Red	Unavailable
	Overlap	Gray*	Blue	Unavailable
	StepRepeat	Gray*	Black	Unavailable

*The die is this color, unless you changed the color setting in **Preferences**.
