

Exporting a layout ticket form

You can export a layout ticket form so that you can import it into another PLA system.

1. In Layout Automation Manager, click the **Configuration** tab.
2. On the **Configuration** tab, select the layout ticket form that you want to export.
3. Click **Export**.
4. In the Save As dialog box, type the name that you want to use for the layout ticket form.
5. In the **Save in** box, navigate to the location where you want to save the layout ticket form, and click **Save**.

You can also export multiple layout ticket forms so that you can:

- Import them into another PLA system
 - Back up your existing tickets
1. In Layout Automation Manager, click the **Configuration** tab.
 2. On the **Configuration** tab, select **Export Multiple**.
 3. In the **Select Multiple Layout Tickets** dialog box, select the layout tickets that you want to export.
 4. Click **OK**.
 5. Select a folder or create a new folder to save the tickets and click **Open** (Mac) or **OK** (Win).
