

Available Software Packages v3.50

Prinergy Tools is a set of prepress production plugins for Adobe Illustrator which are available for both Macintosh and Windows OS-based computers. Although the tools are primarily of interest to packaging converters, they can be beneficial to any Prinergy customer.

The plugins are available in a variety of packages:

- [Prinergy Set](#) (Eye, Screen, Trap, Ink, Dot Calibration, Production, Mark, Barcode, Search, Import PDF)
- [Trap Tool](#) (Trap, Screen, Ink, Dot Calibration, Production and Mark)
- [Warp Tool](#)
- [Inspect Tool](#)
- [Dot Calibration Tool](#)
- [Box Tool](#)
- [3D Preview Tool](#)

For details about the features of these tools, follow the links in [Prinergy Tools 3.50](#).
