

# **Installing Adobe Acrobat on a client computer**

Install the Acrobat software before installing the Workshop software to ensure that Kodak plug-ins for Acrobat are installed in the correct folders.

Your copies of Acrobat must be licensed in accordance with Adobe's licensing requirements.

1. (If required) Remove Adobe Reader software that is installed on the client computer.
2. Install Acrobat according to the standard procedure via Adobe Creative Cloud installer, Acrobat installation disk, or installer-download image.
