

Obtaining a license key for new Prinergy options

Use PLAS to obtain a permanent license key for new Prinergy options that you have purchased. The new license contains all of your Prinergy licensed options and replaces your existing license.

1. Purchase your new Prinergy options as desired by contacting your sales representative or logging on to Kodak Customer Community at <https://customer.kodak.com> and selecting **Contact Sales**.
2. In PLAS, click **View registered products**.
3. Select your site, select the Prinergy installation for which you have purchased new options, and click **Continue**.
4. Click **Apply upgrade options**.
Your new Prinergy license key appears.
5. Click **Download the license key** to download the key in an .xml file.
6. In Prinergy Administrator, replace the existing Prinergy license with the new license:
 - a. Save a copy of your existing Prinergy license. See [Saving license key information](#).
 - b. Remove your existing license. See [Removing a license key](#).
 - c. Enter your new license. See [Entering a license key](#).
