

Obtaining a license key for a Prinergy upgrade

Use PLAS to obtain a permanent license key for a Prinergy upgrade.

The new license contains all of your Prinergy licensed options and replaces your existing license.

Note: If you have a support plan that entitles you to Prinergy upgrades at no additional cost, you can obtain a new license for a Prinergy upgrade using PLAS. If your support plan does not entitle you to Prinergy upgrades, contact your sales representative to purchase a Prinergy upgrade. Once you have purchased the upgrade, you can use PLAS to obtain the new permanent license key.

1. In PLAS, click **View registered products**.
2. Select your site, select the Prinergy product you want to upgrade, and click **Continue**.
3. Click **Apply upgrade options**.
Your new Prinergy license key appears.
4. Click **Download the license key** to download the key in an .xml file.
5. Upgrade your Prinergy system and apply your new license key according to the steps in the *Prinergy Upgrade Guide*.
