

Removing a JTP

Remove a JTP from a server when you no longer need the JTP.

1. In the right pane, click the **JTPs** tab.
2. In the list of JTPs, select the JTP that you want to remove.
3. From the **JTP** menu, select **Remove JTP**.
4. Click **OK** when prompted to permanently remove the selected JTP from the server.
