

Sample: Impose a set of pages

Use the Create Imposition when Page Set Full sample rule set to impose a set of pages based on a Preps imposition template.

The Create Imposition when Page Set Full rule set is located at **Rule Set Library > Rule Sets > Sample Rule Sets**.

What the rule does

Imposes a set of pages or the contents of a page set based on a Kodak Preps imposition template.

Why it is useful

The rule set automatically creates an imposition for the page set when the page set is full.

Events and actions used

Event	Actions
Page Set Full	Create Imposition Intent Import Imposition
