

Document History dialog box

Use the Document History dialog box to review the processing history for a document. The Document History dialog box displays all of the processing that was completed for a document so that you can find out the status of a document or troubleshoot any processing issues.

Field /Option	Description
Show	In the Show Box you can select the types of history messages that you want to display. These icon buttons toggle on/off. • red icon: displays error messages • yellow icon: displays warning messages • blue icon: displays information messages. For example, if you only want to review error messages, click the red icon. If you want to review all types of messages, select all three icon buttons.
Date	Indicates the date and time that the history message was created.
Severity	Indicates the severity level of the history message: warning, error or information.
Message	Provides description of the history message.
