

Viewing a summary of all objects preserved or discarded

You can view a summary of all objects that were preserved or discarded.

- Roll the mouse over the **Information** icon in the upper-left corner of the merge file to display processing details in a tooltip.
- Click the icon to display the details in a dialog box. You can then resize and scroll the dialog box as necessary to view hidden information. You must select the Adobe Acrobat **Hand** tool before you can click the icon to open the dialog box.
