

Work style and page orientation

The following work style and page orientation icons appear in the Job Browser dialog box (accessed through the Job Browser) and on the status bar. Use the icons as cues when checking backup for a job.

Work style icons include:

	Perfector: Fold over top edge to get back side
	Sheetwise: Fold over right edge to get back side
	Single-sided: No back
	Work-N-Tumble: Top half backs up with bottom half folded in middle
	Work-N-Turn: Right half backs up with left half folded in middle

Page orientation is determined from the top of the press sheet relative to the image. Page orientation icons include:

	Down: Top of the sheet goes down
	Left: Top of the sheet goes left
	Right: Top of the sheet goes right
	Up: Top of the sheet goes up
