

Introduction

These release notes describe the changes made in this release of the software. Where applicable, the release notes refer you to additional documents for more information.

Prerequisites

- The Kodak InSite Creative Workflow 11.6 upgrade is available for systems running InSite Creative Workflow 11.5 on Windows 2019 or Windows 2022.
 - If you use earlier versions of InSite Creative Workflow, you must upgrade to version 11.5 before upgrading to version 11.6.
- If your system is integrated with the InSite Prepress Portal, the version of the InSite Prepress Portal must be 11.6.
- If your system is connected to the Kodak Prinergy Workflow system to run the Rule-based Automation, the version of the Prinergy Workflow system must be 11.5 or later.

For more information about InSite Creative Workflow, see the InSite Creative Workflow User Guide.
