

Generating customer reports

Customer reports summarizes the properties of projects and libraries created for a customer. You manually generate customer reports.

1. Select a customer and then select **Generate Customer Report**.
2. In the Customer Reports dialog box, select one of the following options:
 - Select **All Projects and Libraries** to report on all of the customer's projects and libraries.
 - Select **All Projects** to report on all of the customer's projects.
 - Select **All Libraries** to report on all of the customer's libraries.
3. Click **Generate Report**.

Note: Based on your browser configuration, downloaded file may be saved to your predefined download folder.
