

Common configuration file settings that are not available in the user interface

Kodak Customer Portal ID [72524](#) documents configuration file settings for the **Preferences** settings that are displayed in the Preps user interface. The settings in the following table are not available in the user interface. For other configuration file settings that are not available in the UI or in the table, contact the Customer Engagement Center.

-DIMENSIONSDISPLAYSIZE:12	Change the font size of the dimensions that are displayed in Preps. The default is 12 points.
-DIMENSIONSDISPLAYCOLOR: #4D4D4D	Change the default color in which the dimensions are displayed. The default is the HEX color Gray30.
