

Defining the direction of step and repeat elements

10

On the **S&R** tab of the **Info** palette in the S&R direction box, select one of the following options:

Head to Foot / Foot to Head Starting with the first element in the step-and-repeat spread, the rows of elements are laid out with the head of the element as defined, opposite the foot of the element of the subsequent rows of elements.	? Unknown Attachment
Head to Head / Foot to Foot Starting with the first element in the step-and-repeat spread, the rows of elements are laid out with the head of the element as defined, opposite the head of the element of the next rows of elements.	? Unknown Attachment
