

The page status indicates the page's current approval state.

You can see the page status in the **Pages** area. The color bars and symbols indicate the page status.

- In **Gallery** view, the color bar appears at the bottom of the page.
- In **List** view, the color bar appears on the left of the row.

This Page Status	Means That	Color Bar Indicator	Symbol
Work in Progress	The printer is preparing the page. The page is not available for review or approval at this time.	Gray
