

Requirements: You must have a job role that includes the Manage Page Groups right.

Pages belonging to a deleted page group remain in the **Jobs** area, and are moved to the **Unfiled** page group.

1. Locate the job, and click the job name.
The job's pages appear.
2. Right-click a page and from the menu that appears, select **Manage Groups**.
3. In the Manage Groups window, select the row of the page group that you want to delete, and click the red x () at the end of the row.
4. In the Delete Group dialog box, click **Delete**.

If the pages do not belong to any other page groups they remain in the **Jobs** area, and are moved to the **Unfiled** page group.
