

Requirements: You must have a job role that includes the Edit Color Management right.

1. Locate the job, and click the job name.
2. In the **Pages** area, right-click the pages for which you want to change or remove the color target.
3. From the menu that appears, select **Set Color Target**.
4. Perform any of the following steps:

To	Do this
Change the color target	In the Color Target list, select a color target.
Cancel the color-accurate viewing requirement	Clear the Use Matchprint Virtual check box.
Require color approval	Select the Require Color Approval check box.

5. Click **Set Color Target**.
