

Requirements: You must have a system role that includes the Configure Brands right.

1. On the home page, click **Administration**.
2. In the **Administration** area, click **Themes**.
3. Right-click the row of the theme that you want to edit.
4. From the menu that appears, select **Edit Theme**.
5. Modify the Login page image, Welcome message, header, footer, color schemes, and terminology, as required.
For information about the options, see [Creating a theme](#).
6. Click **Update**.
