

Location of log files

PressProof log file

The PressProof log file is located on the Mac computer at **/Users/Library/Logs/Kodak/LogFiles/Kodak/Kodak Pressproof.**

The Kodak PressProof.log file stores system data that shows the operation of Pressproof.

PressProof crash log files

PressProof crash logs files are located on the Mac computer at *[hard drive] > Users > [username] > Library > Logs > DiagnosticsReports.*

The *Kodak PressProof_YYYY-mm-dd-ttttt.crash* log file stores information surrounding the Mac environment at the time of the crash of the PressProof software.

Matchprint Virtual log files

See <https://workflowhelp.kodak.com/display/MV110/Location+of+log+files> for the information on the location of the Matchprint Virtual log files.
