

MODULE 5: AutoGanging

Module summary

After completing this module, you should be able to:

- Create an AutoGang preset
- Create an AutoGanged layout
- Create a mark rule
- Use AutoGang with hot folders
- Change a hot folder from manual to automatic print

The AutoGang feature

The AutoGang feature makes intelligent decisions to determine which PDF pages constitute a complete flat-work product. It chooses the best positions for pages on the press sheets based on the settings and priorities that you assign. You can review and adjust the results as needed.
