Activity 3: Use RBA to send e-mail

Overview

Why you should complete this activity

This activity provides you with further experience using RBA and demonstrates alternate ways to start RBA actions. This activity also demonstrates how to send notification messages using e-mail.

Target Audience

Prepress operators with no RBA experience

Time required

Approximately 15-20 minutes

What you'll learn

After completing this activity, you will know how to perform the following tasks:

- Copy an enabled rule set
- Define a global variable
- Edit the rule set—Approve a PDF page
- Edit the rule set—Reject a PDF page
- Edit the rule set—Add a rule set description
- Hot swap the rule set
- Use the rule set—Refine input files and proof PDF pages
- Use the rule set—Approve a PDF page
- Use the rule set—Reject a PDF page
- Delete the rule set
